EDUCATION

SIES Graduate School of Technology

B.E - Computer Engineering

Mumbai

2021 – 2025

St. Xavier's High School And Jr College

MSBSHSE

Mumbai

2021

EXPERIENCE

Graduate Apprentice

July 2025 – Present

LTIMindtree

- Completed 3-month Java Full Stack training covering Java fundamentals, Spring Boot (backend), and Angular (frontend)
- Built an incremental individual project: Full-stack Car Application with CRUD operations, admin and user dashboards
- Delivered Gladiator group project – LootCart, a full-stack e-commerce application with product browsing, cart management, feedback, checkout, and admin inventory control
- Collaborated with team members and received quality review and feedback from Subject Matter Experts
- Successfully cleared communication training alongside technical milestones

Intern

Oct 2024 – Apr 2025

Pods Technology Solutions

- Completed a 6-month project titled Anti Spy Mobile Application under the mentorship of PODS Technology Solutions Pvt. Ltd.
- Gained hands-on experience in building a mobile application while aligning with industry standards and academic curriculum

PROJECTS

AI - Image Generator | *ReactJs, ExpressJs, MongoDB*

- Built an AI image generation application using prompt-based input
- Implemented a “Surprise Me” feature to auto-generate creative prompts for users
- Enabled image sharing within a community and download functionality for generated images

Converso | *NextJs, Supabase, typescript, AI, Stripe, Vapi*

- Built Converso, an AI-powered learning platform for creating personalized voice-based companions for interactive learning
- Integrated secure authentication using Clerk
- Implemented subscription management with Stripe
- Added real-time features powered by Supabase

LootCart | *Angular, Springboot, Java, MySQL*

- Full-stack e-commerce application built with Spring Boot, Angular, and MySQL
- Implemented product browsing, cart management, feedback, and checkout functionality
- Designed admin dashboard for inventory and product data management

TECHNICAL SKILLS

Languages: Java, C++, Python, SQL (Postgres), JavaScript, Typescript, HTML/CSS

Frameworks: Angular, Node.js, NextJs, Spring boot, FastAPI

Developer Tools: Git, Docker, Postman

Libraries: React

CERTIFICATIONS

Complete Web Development Bootcamp (Udemy) – JAN 2024

Postman API Fundamentals (Postman) – FEB 2024

ReactJs Bootcamp (Techpaathshala) – Oct 2023
